

The Mall School

ICT Scheme of Work Summer 2024

Summer Term				
Unit	Topic	Learning Objectives	Activities/Resources/Links	Assessment
1	Maps	To find where I live on Google Earth	<u>Input</u> Show children 'Google Earth' and explain what it is. Look at the school on Google Earth and show them the 'top 5' things that you can do (on homepage). <u>Independent activities</u> The pupils to type their own post code in to Google Earth and see what happens! Teach the pupils to navigate the view around the house. Can they find any features that they know?	Teacher observations of the pupils. Teacher questioning.
2	Maps	To go on a tour around the world on Google Earth	<u>Input</u> Take the children back to 'Google Earth' and show them that you can explore anywhere in the world. Where would they want to visit? Visit somewhere as a class. E.g. Paris and look at the Eiffel Tower and other sights. <u>Independent activities</u> The pupils can choose where they want to go in the world. They must try and find out the capital city first and type in the capital city of that country in to Google Earth. Can they see any famous landmarks?	Teacher observations of the pupils. Teacher questioning.
3	Maps Rainforests	To find the Amazon Rainforest on Google Earth	<u>Independent activities</u> The pupils should find Brazil and then the Amazon Rainforest on Google Earth. Let them explore so they can grasp a sense of place of this area.	Teacher observations of the pupils. Teacher questioning.

4	Maps Rainforests	To take a virtual trek through the Amazon Basin with 'Google Earth'	<u>Input</u> Model to the children how to navigate Google Earth to find the program which will take you on a virtual trek through the Amazon Basin. The program on the Google Earth website is called 'Treks- Amazon Basin'. You can find it by going the navigation icon and scrolling down the 'nature page'. <u>Independent activities</u> The pupils to navigate their way to this program and explore it.	Teacher questioning/observations. Completed powerpoint slide.
5	Maps Rainforests	To take a virtual trek through the Amazon Basin with 'Google Earth'.	<u>Input</u> Model to the children how to navigate Google Earth to find the program which will take you on a virtual trek through the Amazon Basin. The program on the Google Earth website is called 'Treks- Amazon Basin'. You can find it by going the navigation icon and scrolling down the 'nature page'. <u>Independent activities</u> The pupils to navigate their way to this program and explore it.
